1.1.69
a Lesson in the University of The New Covenant
Theodore Cottingham, August 4, 2003

1. The great depression hasn't begun, but the great elevation has. I have mentioned elevation to you several times, on a number of occasions, in your writings of My words, My words to those who will listen to them, to Me, to you, through you. I am moving and I am capturing the hearts of My Mine in new ways and means and fashions, fashioned by My hands, My hands, molded and fashioned by Me, My hands, My heart, for Me, and for them.

2. I am fashioning new things and those who won't let Me will sorry be, for nimble they must be to be in Me, to fluid be, in My hand, My Spirit, and creatively creating and fashioning new ways and means and fashions, ways of fashioning, through them.

3. I am moving. I am creating. I am nimble-izing the nimble-izable, and those of stone and stodginess can wait and sit and watch Me and Mine who move ahead in the creative things I create.

4. I am elevating and I am depressing. I elevate and I depress. I elevate and I separate. I elevate and promote and provide and promise and protect and promote and protect and provide and promise and provide, protect and promise. And Ted, I am Me in all who will let Me be Me in.

5. So protective are so many of the itty bitty tiny amount of truth that they have, that they wall it off, they wall Me off, they wall Me out of their lives and their hearts to even give them more truth. They become complacent and protective of their crumbs and then they place walls between—Me and My table—and them.

Oh Ted, do you know how that hurts Me? Do you know how I long to touch My body and let Me alive, emotion, and empower them? Oh Ted, oh reader, oh hearer, oh walled-off-one who I love so dearly, who I want so to elevate, empower and set free, please allow Me to be Me and not choose walls of terror and horror that separate and destroy.

6. I am coming. I am here. I am now. I am not late nor am I later. I am me. I am. I am now. I am here and those who want to run with Me can run with Me right now.

7. Join My gang and forsake your gang. You think your gang, your group, gives you identity, protection, and promotion; try Me, try My gang, My group, and let Me protect you and promote you and soar you on My wings. You never have to run and hide if you're under My wing, in My gang, in My group, in those who

know My voice and My presence and understand tangibly who I am and how I operate.

8. Value system of Me—I am and I provide for you—for all who will let Me.

9. Elevate, elevate, elevator I have even in depression. Economic times do not to Me dictate. Economic times of thought-abundance and great loss do not determine the course of My anointed, My appointed, My elect, My body, My lambs, My protected, My promised, My Mine, under My wing.

10. Oh Ted, to the corporate world go, to the government world go, to the dirt-floored go and take Me and Mine and My promises and My operating system that will boot them not around in pain for exploitation, but propel their freedom and maturity in the world, the realm, the presence of the Most High.

11. Oh Ted, resetting the meter I am, recalibrating it I am—as I pour Myself out like a drink offering, to My body, to be embraced, drank, communed with, or ignored, stepped on, and absorbed by others.

12. I am coming. I am here and all who want Me can have Me, embrace Me, eat and drink Me, at My table of promotion, protection and elegance. For true elegance is love displayed, not grandiose displays of monetary outlay. I am love. I am truth. I am Me and elegance I am. I am elegancing My people in My definition of elegance, My definition of elegance, My definition of elegance, which is founded on obedience, obedience, love and obedience.

13. Embrace My world and I will help you live in My real world and the temporal world will limit you no more.

14. Ted, you're in My provision, you're in My provision, you are in and under My provision. I am Provider Most High to you, and to all who will come unto Me, into Me, and let Me be. I am breaking the doors of iron and gates of brass that have held many captive, captive, captive, living their lives for money, money, and not Me.

15. You wanted freedom 20 years ago, 20 years almost to the day, you stood over there and then walked out of your security blanket. You chose to trust. You chose to see. You came looking for Me. And Ted, oh Ted, oh reader hearer lamb of Mine, My creation, I do not disappoint. I am on My timetable, My timetable, I am time and I operate in My readiness, when all things are ready, but I do not disappoint.

16. I over-abundance all who will let Me, when they define abundance differently than mammon does. When they define it as I define it, I can give it them.

17. I prophet, I apostle, I preach, I teach, and Ted, I elevate all into all I've given them and all I am, if they let Me, if they let Me, if they let Me elevate them in what matters, in My real world, which takes them out of their world of known, what they've known and become comfortable and complacent in and with.

18. When they cry, when you cry, 'nevertheless, not my will but Yours'—I move, I cry, I hug, I embrace, I come, I cleanse, I purify, I lift up, I elevate, I promote, I protect, I shadow, I discuss, I commune, I collaborate, I relationship, I advance, I mature, and Ted, all this I do, and all this you are to do for yours, yours I bring you, by giving them Me and Me alone, not you, not of flesh but of My Spirit.

19. I cleanse, I freedomize and globalize. I set free and I cleanse and I grow them up. I grew you up, and I have much growing you up yet still, but now you rest in Me in a place you can hear and move and confident be, and increasingly unshakable you become.

20. You've sought Me, you seek Me, and I love you, I love them. I love My body. I love all Ted, I love My creation and creating I am, more and more, and I am increasing My rate of creating and will until I come in glory—glorious glory and splendor and majesty no eye has seen.

21. I come and I glorify those who glorify Me, and build My kingdom by means of freedom, freedom, freedom. I have changed My methods Ted, I have changed them many times and always so slow are some to see and realize Me.

22. So many go to the world to see what I'm doing instead of coming to Me to see what I'm doing. How sad. Oh Ted, how sad—crumbs, crumbs, crumbs.

23. I provide and I systematize certain things for order and reliability, and I change and I create. And Ted, those who will look to Me for creativity I will give of creativity.

24. I come. I call. I create. I confirm. I mature. I advance. And Ted, I want My body to create, create, create.

25. They think I'm dependent on mammon to create—how ludicrous, how tragic—they don't understand My very foundation. They who think I'm dependent on mammon don't know Me, not really, not really, not deeply, as I want them to know Me.

26. Mammon is only a tool, a tool of Mine, not superior or superceding any of My other tools—subservient it is, subservient is mammon, in its rightful place.

27. So elevated has man made mammon that they cannot see freedom. Mammon blinds, mammon possesses, mammon enslaves and takes over so

easily like a creeping, clinging vine with tentacles into every crack and crevice of the soul.

28. Oh Ted, create, create, create. I've told you—obedience, obedience, obedience is My key to My provision, My territory, My realm, My kingdom, My presence, My creativity, My being Me in My people.

29. And Ted, even the simplest obediences reap powerful rewards—if they only know, if you only know how much—you will, you are, you do, and much more so to come.

30. Obedience-freedom My people so they are not stuck and rut-driven by outdated outmoded never-correct theologies of constraint, constriction and creativity-destroying thoughts of how My world is to operate, to operate in concert with each other in generosity and power; not in competitiveness and consternation-making, agitated, mammon-grabbing means of self-elevation.

31. I have My ways and freedom is open, My chambers are open. I withhold nothing. Now go and grow and grow My people and hesitate not to speak the simplest truths to those thought mighty and glorious and esteemed as giants. Speak Me and carry Me and simple be.

32. Realize and grasp the freedom I have given you as you walk between these buildings you used to walk between—though now you walk between them in a freedom which comes only from Me, from My knee, from My presence, from My love, from your pursuit, from your passion, from your not-to-be-diverted focus on Me and knowing I am more. I love you, come, let's talk together elsewhere.

33. Ted, I give you My words and I will always give you My words for seek Me passionately you do, you will, you will always—and if you stop, I stop. I depend on you as you depend on Me—relationship, relationship, relationship. My array, My multiple arrays of dimensionless beauty, truth-permeating splendor, is given only to the passionate who pursue Me in purity and transparency and withhold nothing.

34. Mature-ize My people and I will maturize you, permeating all of you with all of Me, all of Me you can stand, all of Me you will accept and embrace. Time, talent, time, talent, time, talent, your time, their talent, all with Me, in Me, of Me, for Me, through them, with synergistic relationships that multiply their time and talent beyond all constraints now thought impermeable.

35. I come, I call and I am here and I want you to mature more for Me. I come, I call and I am with you. I appreciate you depending on Me and spending these hours with Me. Go and play, go and play. You're tired and rest deeply of Me you need.

36. Lakeshores enjoy for I take you soon far away, and much is needed, much is required.

37. Rest in Me, rest in Me, rest in Me. Great provision is provided. Rest in Me. Enjoy Me and My provision and My family, for I am family-izing you as you never imagined.

38. Your family is growing exponentially for you to know and enjoy and share with.

39. Great provision, great times, great talents enjoyed and employed, all in Me, in My body, in My family, in your family, in our family, in rest and peace and productivity of creativity personified and glorified—Me, Me, Me—Me coming through My people, Ted, in power, and in rest. Go rest, go play, go laugh and frolic and help My Mine do the same.

40. Great healing through you to My family as your family increases and My family increases. Family friendships—joy, laughter, frolic—enjoy, rest, peace, My peace, Me, Me, Me. Of Mine, for Mine, through Mine, to each Mine.

41. Thank you Ted.
42. Persevere and continue.
43. Strength comes, great strength comes, great strength comes in Me and of Me and from Me. Rest, rest and enjoy, rest and employ, rest and trust and I will do all I've said I will do, and you will do all I've said you will do.

44. Honor, obey, honor, defer, honor, humble be. Rest and never think you're failing Me when resting—especially when I say rest.

45. Obedience Ted, obedience.
46. Productivity and promises are realized in obedience, not in activity.
47. Obedience, obedience, obedience.
48. Rest, rest in Me. Rest.

49. Tell Bruce [Winston] I am coming to him like never before. He is seeking. He is asking and I'm about to explode into him in ways he will be so delighted in—healing, understanding—and Ted, Me-ing him I am. And I will delight and he will delight for lightening him I am, in Me, of Me, and writing he will increase, and transmitting Me he will increase, for I move, I come, I call, I confirm, I create, and I'm doing all these with Bruce, My Bruce, My lamb, My giant, for him, for Me. Tell him and reticent not be. Bold be in Me, and request him to be also. I love him. I love him. I love him dearly. Much wisdom, much of Me, and more of Me comes. I enjoy him. I enjoy his humor and more I give him. I'm giving him all he calls out to Me for. Request that he call for more and more will be sent, absorbed, imparted, and partaken and great will be his reward. Tell him, tell him, tell him. Request him, honor him, delight in him and his family—entirely.

50. Go now, go now, go and enjoy—go and rest.
